Evening of Tribute to  
**Rabbi Chaim Brovender**  
Marking 40 Years of Teaching Torah in Israel

In 1967, following the Six Day War, Rabbi Chaim Brovender began teaching young people in various venues in Jerusalem. In 1976 he launched Yeshivat HaMivtar for men and Michlelet Bruria for women - unique institutions which have educated thousands of students for decades. In 1985 these institutions joined forces with Ohr Torah Institute. In 1999 Rabbi Brovender founded ATID to help train the next generation of leaders for Torah education.

Join us as Rabbi Brovender's students, friends, and teaching colleagues from these past forty years pay tribute to this remarkable Rosh Yeshiva, his career, and his vision for Jewish education.
